

MEMORY TECH MATTRESS

As with our adjustable beds, our **Memory Tech** mattresses are manufactured to suit your personal requirements. Be it relief from chronic backache, poor circulation or just for personal comfort, a **Memory Tech** mattress, especially if used with an adjustable bed will give the perfect nights sleep.

If your existing mattress does not support your body and spine in the correct way, you may be sleeping in an unnatural position. This can result in a restless nights sleep, and also cause you to waken with aches and pains to your muscles and joints. **Memory Tech** mattresses are designed to give you the best night's sleep possible. By reducing the amount of discomfort and giving the correct support, you will experience tension free sleep which is vital to good health.

Developed for NASA to relieve extreme G-force pressures, the revolutionary heat-sensitive, vasco-elastic material in **Memory Tech** mattresses moulds itself to every curve of your body giving your neck, back, shoulders and feet proper support. This completely eliminates localized pressure on the body, which occurs at the hips, arms and shoulders, resulting in impaired circulation and numbness, stiffness or pain. The **Memory Tech** mattress ensures that your entire musculoskeletal structure is supported in the correct manor whatever your preferred sleep position.

Memory Tech Mattress Price List

Mattress Only

Zip off washable cover

Sizes Available	Price Excluding VAT	Price including VAT
2'3" x 6'6"	£254	£299
2'6" x 6'6"	£285	£335

Memory Tech mattresses are the perfect mattress to use in conjunction with an adjustable bed. The mattress profiles smoothly in line with the raising and lowering of an adjustable bed giving the sleeper the ideal sleep in every possible way!

We offer a full range of **Memory Tech** mattresses in different densities to suit each individual's personal requirements, i.e. comfort, weight, medical needs:

- **SOFT (V55/R300)** **Weight recommended up to 8 stone.**
- **MEDIUM (V55/R400)** **Weight recommended up to 14 stone.**
- **MEDIUM/
FIRM (V55/R400H)** **Weight recommended up to 18 stone.**
- **FIRM (V55/R500)** **Weight recommended up to 18 stone plus.**

All our **Memory Tech** mattresses are produced using high quality Vitafoam, so no expense is spared.

Many of our competitors use inferior, thinner foam which although cheaper; we feel is a false economy and does not give customers the wonderful benefits of a true memory foam mattress.

All our mattresses are supplied with a durable 'luxury loft' zip off quilted washable top, 83% soft cotton knit, washable at 40°. Spare wash tops available separately for only £60 ([see washable tops](#)).
