Designer Headboards

The Karma

The Karma headboard is both stylish and practical. The Headboard has a slight slope, it is free standing to the floor and is padded to make it very comfortable to sit up against

As standard the width is 3" (75mm) wider than the bed size. We can customise the width to suit your requirements.

The height from floor to top is 40" (102cm)

Karma Surround

Both the Karma and Karma High-Line can be ordered as a complete surround with matching side rails.

Simply double the headboard price.

Karma High-Line

A higher version of the Karma really creates a very impressive headboard. Again it is free standing to the floor and is padded to make it comfortable to lean against

It sits 8" (20cm) higher than the Karma on a separate matching platform.

As with the Karma headboard, we can customise both height and width on request.

Shown in a washable Chocolate Suedette,
