Reflex Foam

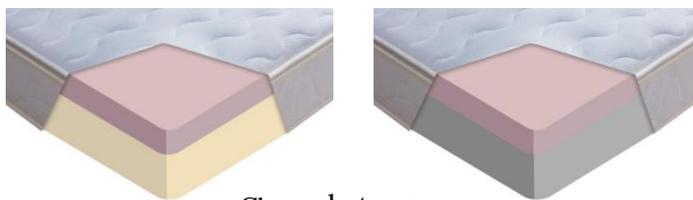

3" (7.5cm) High
Quality Memory Foam

Comfort Options

The mattress is 8" (20cm) thick and constructed of a top layer 3" (7.5cm) of high quality Memory foam with a base layer of Reflex Foam®.

Choose between **Medium** or **Medium/firm**. Your choice should be based on your weight, any specific medical conditions and personal preference.

- The combination of a high quality memory foam top layer and a base layer of reflex foam gives maximum comfort and maintains excellent posture.
- Although more expensive than our 'Economy Memory Foam Mattress' the 'High Quality Memory Foam Mattress' will give superior pressure relief for the very best comfort and support.
- A memory foam mattress will contour to follow the shape of an electric adjustable bed mechanism.
- As a rough guide the option of **medium** would suit somebody up to 16 stone (102kg) and **medium / firm** for those above. We can give advice as there are other contributing factors.
- A 'Cool Feel' quilted zip off washable cover is included as part of the mattress. [Spare Washable Covers](#) available.
- Comes with a five year guarantee.

Choose between
Medium & Medium / Firm

How it works

The base layer of Reflex foam maintains your correct posture but without the memory foam layer it would not be as comfortable.

The top layer of memory foam is heat sensitive and softens with your body warmth and weight to effectively reduce pressure points which in turn improves support and comfort.
