### Pine Short Poster Headboards

#### The New Forest

The New Forest Headboard is truly stately and will add splendour to your bedroom at home. The beautifully crafted posts and the crested design on the high curve give it real class.

#### The Winchester

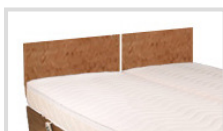

The Winchester is a beautiful headboard. Traditional and Regal in appearance with supporting 'knicker rail' which frames the gentle curve over the bed. This headboard denotes 'quality and taste'. This headboard looks wonderful in antique or natural wax to suit the rustic finish.
